

Specifications

				KUBOTA	
Model				Z412KW-48-AU	Z422KW-54-AU
Engine	Model			GH7302V	GH7301V
	Type				Air cooled 2 cylinders Petrol engine
	Engine Gross power	HP		22.0	24.0
	Total displacement	cc		726	
	Starting system				Key switch
Dimensions	Overall length	mm		2055	
	Overall width	w/ mower	mm	1552	1710
		w/o mower	mm	1236	
	Overall height	w/ ROPS (upright)	mm	1772	
		w/o ROPS (folded)	mm	1265	
Wheelbase			mm	1255	
Tread/Tyre	Tread	Front	mm	944	
		Rear	mm	1000	
	Tire size	Front tire	mm	13 × 6.5 – 6, Smooth pneumatic	
		Rear tire	mm	24 × 9.5 –14, Low profile tyre	
Weight (w/ mower)			kg	410	416
Transmission				Hydro-Gear® Commercial ZT3600®	
Transmission system				2-HST w/Gear reduction	
Speed control				2-hand lever	
Travelling speed range	Forward	km/h		0 – 16.0	
	Reverse	km/h		0 – 8.0	
Braking system				Cog style parking lock / Foot pedal	
PTO	Type				Belt drive
	Clutch type				Electric clutch
	PTO brake				Dry disc
Mower deck	Model			RCK48P-400Z	RCK54P-400Z
	Mower deck type				Side discharge
	Mower lift system				Mechanical / Foot pedal
	Deck depth	mm		127	
	Belt type				Belt drive
	Deck steel thickness	mm		3.4	
	Anti scalp roller				Rigid
	Cutting width of mower	mm		1219	1372
	Number of blades				3
	Cutting height	mm		38 – 127	
	Mounting system of mower				Parallel linkage
	Blade tip speed	FPM		18800	18700
Seat				Deluxe seat w/3 inch stroke suspension	
Engine stop system				Key stop	
Fuel tank capacity				25.7	
Battery				U1 (12V, RC : 45min, CCA : 300, CA : 410)	
Generator capacity	Amp				15A
Hour meter				Standard	
Fuel gauge				Sight window	

These Kawasaki engines have been tested in accordance with SAE J1995, verified by TÜV Rheinland Group, and certified by SAE International. The gross power ratings of these engines were determined by using measurements according to SAE J1995 which were witnessed by SAE-approved witnesses from TÜV Rheinland Group. Torque ratings of these engines were not certified by SAE. Actual power and torque output will vary depending on numerous factors, including, but not limited to, the operating speed of the engine in application, environmental conditions, maintenance, and other variables.

**Power (hp) specifications for individual gasoline engine models are rated pursuant to Society of Automotive Engineers (SAE) J1940 or J2723 based on gross output testing performed in accordance with SAE J1995 without the air cleaner and muffler. Gross engine hp will be higher than actual engine power which is affected by accessories,application, engine speed, ambient operating conditions and other factors. The gross engine horsepower information is for comparison purposes only.

Attachment & Option Kit

• **Grass Catcher**
The optional 7 bushels (250 liters) grass catcher can be attached and detached without ever requiring the use of any tools.

- **Mulching Kit**
- **LED Work Lights**
- **OCDC**
- **Maintenance Lift Kit**

KUBOTA ZERO-TURN MOWER
Z400 Series

Designed for the residential user seeking high levels of comfort and convenience, and the professional user demanding superior durability and performance.

*This information is sourced from overseas and may not necessarily apply locally. It is essential that you confirm specifications and other information with your local Kubota dealer.

Z400 Series

**Comfort and Convenience,
durability and performance.
It's everything you want in
a zero-turn mower.**

Residential users require high levels of comfort and convenience. Professional users demand superior durability and performance. Both want easy operation and top level performance to handle even the most challenging mowing tasks. The Z400 Series of zero-turn mowers delivers all that and more, including powerful engines matched with rugged transmissions, smooth operation levers, and, of course, Kubota's reputation for outstanding quality and durability.

COMFORT & CONVENIENCE

Designed for performance, the Z400 Series also offers a wealth of comfort and convenience features to keep you feeling fresh and working longer.

NEW HIGH BACK 3" SUSPENSION SEAT

Soft and roomy, the high back 3" suspension seat will keep you comfortable even on those extra-long mowing jobs. The seat slides a full 4" travel, letting you find just the right position for maximum personal comfort.

NEW

WIDE FOOT PAN

There's plenty of legroom up front, thanks to a wide foot pan. It also makes entry and exit a snap.

CUP HOLDER

Integrated cup holder ensures that your drink is always handy, so you can stay on the job longer between breaks.

SMOOTH OPERATION LEVERS

The operation load of the dual operation levers can be adjusted to each operator's needs to provide smooth, precise control and less fatigue at the end of the day. The damper force can be easily adjusted to ensure optimum comfort for every operator.

12V POWER OUTLET

Charge your phone or other accessory while mowing the lawn. The Z400 also has an integrated smart phone holder.

LARGE FUEL TANK

The large, 25.7 L fuel tank keeps the Z400 Series mowing for more than 6 hours between refueling stops. (depending on conditions)

ERGONOMIC CONTROL LAYOUT

All controls are ergonomically arranged for quick identification and simple operation, with most controls on the right side for faster, easier access.

5" DEEP WELDED MOWER DECK

This steel welded mower deck provides outstanding, professional-level cutting performance. A reinforced spindle mount area improves durability.

PERFORMANCE & EASY OPERATION

The Z400 Series boasts the kind of performance found only in commercial-grade mowers, as well as the easy operation that residential and professional users alike can appreciate.

6.5" WIDE FRONT TIRE

Add some stability when drive over rough to rain. It spread the weight for less damaging to the turf and give better cut quality.

PARKING BRAKE

A foot pedal locks the brake so the unit can't move, ensuring safe and secure parking.

24" Rear Tires
Big tires mean a softer ride.

POWERFUL ENGINES

The Z400 Series comes equipped with powerful KAWASAKI engines that provide the torque you need to power through tall grass and rugged environments.

RUGGED TRANSMISSION

Power from the engine is delivered to the wheels through rugged, Hydro-Gear® Commercial ZT3600® transmission.

PRECISION ADJUSTMENT

A simple twist of a dial lets you adjust the cutting height in precise 1/4" increments.

LOW PROFILE TYRE

The Z400 Series' new wide low-profile tyres not only look good, they provide better traction for all types of mowing tasks. They also have a larger footprint that reduces ground compaction as well as turf damage during turns.

FOLDABLE ROPS

The ROPS on the Z400 Series mowers meets ISO 21299 specifications to ensure safe and efficient operation. The ROPS easily folds down to allow the mower to pass under low obstructions, as well as permits easier storage in a garage or shed.

16.0 km/h TRAVEL SPEED

K-LIFT

Mechanical One Push Deck Lift Pedal

The K-Lift pedal lets you quickly and easily adjust the cutting height without leaving your seat. Simply press the pedal and turn the adjustment dial!

1 Push and release the pedal to raise the deck

2 Use the dial to adjust the cutting height

3 Push and release the pedal again to lower the deck
